PROFESSIONAL SUMMARY

Motivated Information Technology graduate with hands-on experience in full-stack web and mobile development, database management, software testing, and IT support. Skilled in Python, Java, JavaScript, PHP, React, Node.js, MySQL, and API integration, with experience in debugging and troubleshooting. Adaptable and detail-oriented, seeking opportunities in Software Development, Quality Assurance, or IT Support.

TECHNICAL SKILLS

- **Languages:** Python, Java, JavaScript, TypeScript, PHP, Kotlin, SQL.
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design, Cross-Browser Compatibility
- **Mobile Development**: React Native, Expo, React Navigation, Firebase Authentication, API Integration, Mobile UI Development
- **Backend:** Node.js, Express.js, PHP, CodeIgniter 4, RESTful API Development, CRUD Operations, Authentication & Authorization
- **Database:** MySQL, Firebase Firestore, Supabase, Database Design, SQL Queries, Data Management
- **Cloud & Backend Services**: Google Cloud, Firebase, Hostinger VPS, Ubuntu Linux, Apache, Web Hosting, Server Configuration, SSL Certificates
- **AI-Assisted Development**: Claude Code, GitHub Copilot, Gemini, OpenAI Codex
- **Version Control:** Git, Github, Gitlab, Bitbucket
- **Tools:** VS Code, Postman, XAMPP, npm, Chrome DevTools, Docker
- **Testing & Debugging:** Functional Testing, Manual Testing, API Testing, Bug Tracking, Error Handling, Troubleshooting
- **IT Support & Maintenance**: Hardware Troubleshooting, Software Installation, OS Configuration, Computer Maintenance, Network Troubleshooting, Technical Support
- **Networking Fundamentals:** TCP/IP, IP Addressing, LAN Configuration, Basic Network Diagnostics, Cisco Packet Tracer
- **Development Methodologies:** Agile, Scrum, Software Development Life Cycle (SDLC), Technical Documentation
- **Soft Skills:** Problem-Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability, Attention to Detail, Time Management

EDUCATION

Bachelor of Science in Information Technology — Graduated: July 4,2026
Camarines Sur Polytechnic Colleges — **GWA** - 1.61

INTERNSHIP / OJT EXPERIENCE

Information and Communications Technology Unit - CSPC — **Nabua, Camarines Sur**

Role: Programmer Intern | IT Support — Feb 2026 - May 2026

- Developed and maintained web-based management systems, improving workflow efficiency by 15% through system enhancements and automation.
- Designed and implemented system features using PHP, JavaScript, and MySQL, contributing to a 20% improvement in operational performance.
- Performed system testing, debugging, and troubleshooting to improve application reliability and functionality.
- Provided hands-on IT support for hardware, software, and network-related issues, contributing to a 20% improvement in technical issue resolution efficiency.
- Assisted in computer setup, software installation, system configuration, and preventive maintenance to ensure smooth daily operations.
- Collaborated with the ICT team to resolve technical issues, maintain IT infrastructure, and support system development activities.

PROJECTS

CSPC Web & Mobile-Based Lost & Found Management System with AI Image Recognition — March 2025 - January 2026
Role: Full Stack Developer **Techs:** React, React Native, Node.js, PHP, CodeIgniter 4, MySQL, Firebase, REST APIs, Google Cloud, Git
Capstone Project Grade: 1.25

- Developed a cross-platform web and mobile system with AI-powered image recognition features.
- Designed and managed the MySQL database structure and REST API integration.
- Implemented core functionalities for item reporting, tracking, and management.
- Collaborated with team members in Agile-inspired development practices.
- Qualified Research Presenter – 9th Bicol ICT Research Colloquium in CSPC.

Job Operations Central Management System — February 2026 - June 2026
Role: Programmer Intern **Techs:** HTML, CSS, JavaScript, PHP, MySQL, Git

- Developed a centralized management system for task scheduling and workflow automation.
- Assisted in frontend and backend development, testing, and debugging.
- Improved operational efficiency through organized records and process management.
- Collaborated with team members and supervisors on system development using Git.

Certificate

- NC II Certificate in Computer Systems Servicing (TESDA) — Issued: **2022 - 2027**
